

**Round # 4 – TISSOT UCI Track Cycling World Cup Santiago–Dec.8-10,2017****GENERAL INFORMATION**

Santiago is the capital and largest city of Chile as well as one of the largest cities in the Americas. It is the centre of Chile's largest and the most densely populated conurbation. The city is entirely located in the country's central valley, at an elevation of 520 m (1,706 ft) above mean sea level. Founded in 1541, Santiago has been the capital city of Chile since colonial times. The city has a downtown core of 19th-century neoclassical architecture and winding side-streets, dotted by art deco, neo-gothic, and other styles. Santiago's cityscape is shaped by several stand-alone hills and the fast-flowing Mapocho River, lined by parks such as Parque Forestal. The Andes Mountains can be seen from most points in the city. The city outskirts are surrounded by vineyards and Santiago is within a few hours of both the mountains and the Pacific Ocean. Santiago is the cultural, political and financial centre of Chile and is home to the regional headquarters of many multinational corporations
